

AGN. NO.

MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

DECEMBER 20, 2011

Amendment to Item A-6

Item A-6 was initially added to the Board's agenda to provide the then Community Corrections Partnership (CCP), which was tasked with developing a local realignment plan for the County, to provide status updates to the Board. Since that time, the CCP has been renamed the Public Safety Realignment Team and the actual development of the realignment implementation plan has been completed. The agenda entry should be updated.

I, THEREFORE, MOVE that the Board of Supervisors revise item A-6 to read as follows: Discussion on the status of Public Safety Realignment, AB 109, and its impact on Los Angeles County.
